ACKNOWLEDGEMENTS

They say it takes a village, and this experience has been the perfect example of that. We are beyond grateful for the incredible team of people who played their roles so flawlessly, making these past two days an unforgettable journey of educational growth and musical excellence. Bringing together two fantastic schools to create music at the highest level—alongside some of the kindest, most generous, and unbelievably talented artists—has been nothing short of extraordinary.

From the bottom of our very full hearts, thank you for your dedication, support, and generosity. This would not have been possible without you! With gratitude:
